Accredited NPQ provider

**“The Leader
Apprenticeships with
NPQs are a superb
route for gaining new
leadership knowledge and
applying it with immediate
impact.”**

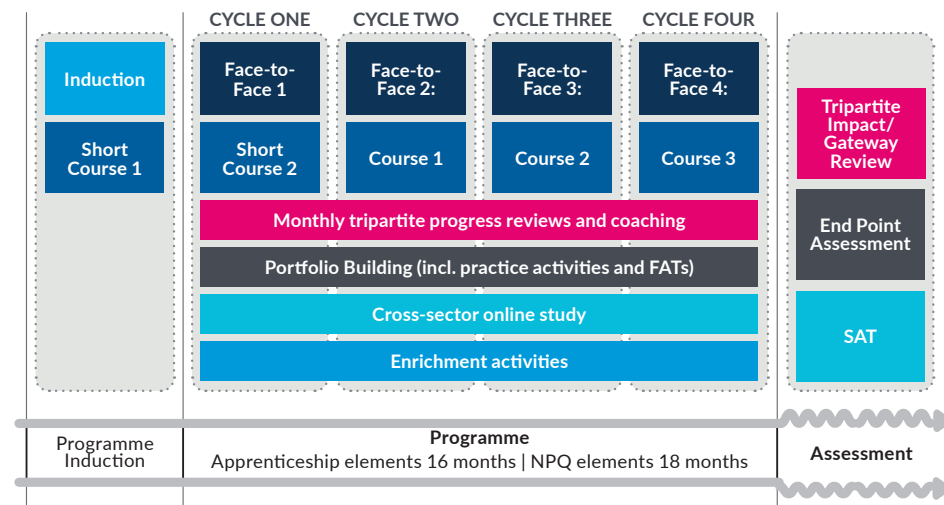

Laura Saunders,
Lead Facilitator

Leader Apprenticeships with NPQs from Best Practice Network

The Leader Apprenticeships with NPQs offer you the chance to gain a National Professional Qualification alongside a Level 5 or Level 7 apprenticeship standard.

Best Practice Network’s unique approach to the Leader Apprenticeships with NPQs delivery means participants access individualised training based on areas they have identified as needing improvement. Our cyclical programme structure utilises Face-to-Face training, online learning and 1:1 coaching to deliver a comprehensive learning experience that fits around busy teacher timetables.

Programme structure

*The Headteacher Programme has 1 extra Face-to-Face day
 *The Executive Leader Programme has 2 extra Face-to-Face days

Fully funded

These programmes are fully funded through the Apprenticeship Levy, offering all participants the chance to complete a funded leadership NPQ while simultaneously completing an apprenticeship standard.

Funding support

Best Practice Network will support your school to access funding for the Leaders Apprenticeships with NPQs.

If you are from an Apprenticeship Levy paying school, funding will be drawn down directly using your Apprenticeship Service Account.

If you are a non-Levy paying school, the Education Skills Funding Agency (ESFA) will fund 95% of the course fee through the 'co-investment' scheme.

Delivery locations

Delivery venues are largely provided through our national network of teaching school hubs and multi-academy trust partners. Participants applying from one of our partner areas will be allocated to that group for the Face-to-Face events*.

In addition to partner groups, we also have a number of groups located according to the geography of the participants that register, helping minimise travel time.

* Subject to group viability

Off-the-job training

Off-the-job (OTJ) Training is an important part of all apprenticeship programmes. It is the time spent during working hours learning and applying new knowledge that is outside of the learner’s normal day-to-day duties.

BPN Apprenticeship Performance Coaches and in-setting Apprenticeship Mentors will support learners in identifying opportunities for evidencing OTJT.

Examples of OTJ training include:

- Training events
- Inset days
- Coaching and mentoring
- Reflective learning
- Shadowing
- Networking and moderation events
- Project activity
- Research
- Interactive online learning
- Revision

Course intake

There is only one intake for 2025, beginning in spring. Please see our website to apply.

What are the benefits?

A wider view of leadership

Candidates apply cross-sector management and leadership practice to their school context providing a broader perspective on organisational improvement.

Apprenticeship Levy funded

These programmes make use of the Apprenticeship Levy, giving participants the opportunity to gain a funded NPQ and leader apprenticeship.

Practice based learning

Candidates undertake school-based activities and are assessed on how they apply learning in their day-to-day role, helping develop and refine organisational management and leadership skills.

Cross-sector experience

Candidates access cutting-edge theory, resources and delivery from thought leaders and leading practitioners from all sectors of the economy.

Monthly 1:1 coaching

Throughout the programme you will benefit from 1:1 coaching and have an experienced tutor to guide you throughout the programme.

Access to extra content

Candidates have access to extra high-quality content to help candidates throughout their studies.

Face-to-Face Events

The Face-to-Face events are a popular and crucial part of the learner's engagement.

Participants train alongside a diverse group of fellow educators with lots of different perspectives. It's a great opportunity to learn from each other's experiences and be able to bounce ideas off each other during group sessions and collaborative practical tasks.

One Programme, Two Certificates

The Leader Apprenticeships with NPQs give learners the opportunity to gain a National Professional Qualification alongside an apprenticeship. By combining these, we have created programmes which allow learners to gain two awards concurrently.

The Department for Education's flagship NPQs are professional development courses designed for teachers and leaders to enhance their skills, advance their careers and improve school outcomes. Meanwhile, the apprenticeship standards provide learners with comprehensive cross-sector knowledge in management and leadership practices.

Apprenticeship Standard

Gain a **Level 5 Operations Manager Standard** or a **Level 7 Senior Leaders Standard**

NPQ

Gain the **NPQ for Senior Leadership**, **NPQ for Headship** or **NPQ for Executive Leadership**

“Lots of information and great discussion with other people aided my learning and helped me review my own leadership.”

School Leader Programme Level 5 Apprenticeship with NPQSL

The School Leader Programme is a dual award which has mapped the DfE's NPQ for Senior Leadership (NPQSL) to the Level 5 Operations Manager Standard.

Who is it for?

The School Leader Programme is for teachers and leaders who are, or want to be, senior leaders with cross-school responsibilities.

Learning hours

47 hours synchronous activity | 6 hours per asynchronous activity
(based on 30+ working hours/week)
